

Church Update Plan

[in preparation for the 25th Anniversary
of the Dedication of Saint Mary Church,
1986 – 2011]

Dear Parishioners,

Can you believe that in only two years, our church will be twenty five years old! Below are four projects that need to be completed to update our worship space. These projects present several opportunities for memorials to remember deceased parish members and loved ones.

- The **renovation proposal** for permanent placement of the Tabernacle in the church sanctuary for the reservation of the Most Blessed Sacrament involves **two phases**, the tabernacle and the canopy modification.
- This modification is in compliance with the **General Norms** document, Diocese of Raleigh, October 19, 2008, #6.1, Place of Reservation for the Holy Eucharist and has the approval of Bishop Burbidge.
- **Phase three** is a separate project that needs to be completed because of safety concerns regarding the lighting in the existing light fixtures in the church.
- The **Steinway piano refurbishing** is a separate but necessary project to insure the piano's value and performance.

Phase I: Tabernacle

Phase II: Canopy Modification

Phase III: Church Lighting Update

Steinway Piano, Model O, Refurbishing Project

If you would like further information on these memorial opportunities, please call the office for more details.
